EDUCATION

University of California, Berkeley Berkeley, California
Bachelor's Degree, Business Administration and Computer Science (Intended), 4.0 GPA June 2026 - Present

- Research Interests: LLMs, Prompt Injection, Mechanistic Interpretability, Sandboxing, Deep Learning.
- Notable Coursework: Interpretation of Computer Programs, Linear Algebra and Differential Equations.

Brea Olinda High School Brea, California
Valedictorian (Rank 1/396), Distinguished Scholar, Honors Graduate, 4.0 GPA August 2022 - June 2026

- Standardized Exams: 1520/1600 SAT (99th Percentile), 1470/1520 PSAT (99th Percentile).
- Notable Coursework: AP Calculus BC (5), AP Statistics (5), AP Physics 1 (5), AP Research (5), AP Seminar (5).

EXPERIENCE

Berkeley Artificial Intelligence Research (BAIR) Berkeley, California
Undergraduate Researcher (Prospective*) August 2026 - Present

- Investigating whether LLM training data can accurately detect malicious prompts hidden within text files.
- Evaluated 8 attack methods across 5,000+ prompts, exposing training data's limitations on foreign injections.

Berkeley SKYDECK Berkeley, California
ACE Intern (Prospective*) August 2026 - Present

- Learning about entrepreneurship, marketing, storytelling, and the fundraising landscape in Silicon Valley.
- Developing an early-stage mobile app concept through rapid prototyping and talking to users.

YouTube Channel: "Human Stack" Berkeley, California
Content Creator August 2026 - Present

- Producing interviews with people across tech, from frontier researchers to venture capital investors.
- Designing video formats with branding identity while developing skills in OBS Studio and DaVinci Resolve.

Brea FIRST Robotics Club Brea, California
Captain, Software Lead August 2022 - June 2026

- Raised \$120K through sponsorships and community outreach, funding robot development and team travel.
- Expanded technical resources to 40+ teams by hosting weekly coding workshops for low-income robotics clubs.

NOTABLE AWARDS

2026 - Stanford University x Google Deepmind Hackathon Invitee (Selected 1/300 out of 4,000 Applicants).
2025 - FIRST Robotics World Championship Finalist (Top 2/100 Individuals, Presented by Haas Automation).
2024 - FIRST Robotics World Championship Finalist (Top 6/3000 Teams, Presented by Qualcomm).

SKILLS

Programming Languages: Python, Java, Swift, TypeScript, JavaScript, SQL.

Technologies: Git, GitHub, Claude Code (Opus 5.0), Figma, Pandas, React, HTML, CSS, MongoDB, Node.js.

Other: Technical Documentation, Patch Notes, Jira, Notion.
